# Chris Robinson Brotherhood, Billy Strings to headline music lineup for 2019 Dominion Energy Riverrock festival

**Organizers will offer new 'Big Fish' ultimate festival experience for first time in 2019**

RICHMOND, VA – [Dominion Energy Riverrock](#) announced today the full list of music acts performing at this year's festival. On Friday, May 17th, [Billy Strings](#) will take the stage at 8:00 p.m. On Saturday, May 18th, the [Chris Robinson Brotherhood](#) will be the headliner, also taking the stage at 8:00 p.m. The outdoor sports and music festival will be held on Brown's Island and Historic Tredegar in Richmond, Virginia, May 17-19, 2019.

The Chris Robinson Brotherhood (CRB) is on tour in support of their latest studio album, 'Barefoot In The Head.' The band is enjoying one of their most prolific periods to date, and 'Barefoot In The Head' marks their third studio release in just two years. Their rigorous touring schedule fuels their creativity and CRB, made up of Chris Robinson, guitarist Neal Casal, drummer Tony Leone, keyboardist Adam MacDougall, and bassist Jeff Hill, is eager to share their infectious energy and musicianship on stage on a nightly basis.

Combining his guitar virtuosity with a deep knowledge of the roots of American music, Billy Strings is one of the most beloved young bluegrass guitarists today. His unique talents are on full display on his most recent album, 'Turmoil & Tinfoil,' which references his musical influences from The Grateful Dead to Sturgill Simpson, as well as his upbringing and experiences in rural communities of America. He looks forward to bringing his intense picking and passion for bluegrass to thrill audiences at Dominion Energy Riverrock.

"We are very excited to present another weekend of diverse musical offerings and look forward to three days of great performances during Dominion Energy Riverrock," said Stephen Lecky, Director of Events for Venture Richmond. "The festival highlights Richmond's vibrant downtown riverfront and outdoor lifestyle and this year's bands will add even more energy for fans and spectators."
